

**Ajmer Engg: Elec: Works**

ISO 9001-2000 CERTIFIED  
ENGINEERS, MANUFACTURERS, IMPORTER & EXPORTER

**in the Name Allah, the Most Beneficent, the Most Merciful**

indeed We have sent Our Messengers with clear proofs, and revealed with them the Scripture and the Balance(Justice) that mankind may keep up justice. And We brought forth Iron wherein is mighty power (in matters of war), as well as many benefits for mankind, that Allah may test who it is that will help Him (His Religion), and His Messengers in the unseen. Verily, Allah is All-Strong, All-Mighty.

(Al-Quran Chapters 57 Verse 25)

## CEO Message

---

I am full of pride to introduce Ajmeer Engg: Electric Works. That perpetually delivers engineering and construction solutions to public and industrial utility projects. It serves its clients with quality excellence that eventually leads to project success. Indeed, this has been made possible by my competent team. Our business philosophy revolves around high professional and ethical standards, total quality management and customer satisfaction. No matter what the project challenges are Ajmeer Engg: Electric Works. Meets them diligently and intelligently. Thus, we do not just conclude projects we fulfill commitments and offer solutions. Ajmeer Engg: Electric Works. Is thus nonpareil in its appeal. May be other companies are also able to build similar projects but Ajmeer Engg: Electric Works. Builds Better. Ajmeer Engg: Electric Works. Is growing because it is run by team comprising knowledgeable individuals navigated with commitment, dedication and drive. Ajmeer Engg: Electric Works. Will continue its journey to excellence as long as our customers keep on reposing trust in us. Thus customers are our most reverent corps for whom we will continue our journey to excellence.

Sincerely,

**SALEEM KHAN**

---

Chief Executive

## Introduction

---

The success story of Ajmeer Engg: Electric Works. Started 22year ago when a group of highly motivated and ambitious professionals with vast experience in industrial and structural development projects, launched this enterprise. They revolutionized industrial development with innovative techniques and modern engineering percepts. Ever since its inception, Ajmeer Engg: Electric Works. Continues adoption of state-of-the-art technologies, analytical constructional methods, and cost efficient solutions in the ever expanding competitive market.

Ajmeer Engg: Electric Works. Provides construction, maintenance and industrial services to the resource, energy and infrastructure sectors. Its expertise and familiarity with the specific needs of customers during the construction and development phase make it an indispensable partner for the realization of challenging major projects. With analytical techniques, Research indicators and expertise of engineers and professionals, Ajmeer Engg: Electric Works. Offers solutions and services in a myriad of business aspects: terminals, road safety, markings and sign boards, bridges, underpasses, civil work design, construction, portable cabins, shipping containers, pre-fabricated buildings, large steel structures, communication sites, tower manufacturing, international project contracting, import and export trading services.

Through participation in state level engineering and construction projects, Ajmeer Engg: Electric Works. Has made significant contribution to the transportation and telecommunication infrastructure. Motorway Road Project and Lahore Metro Bus System are two of many projects in which Ajmeer Engg: Electric Works. Has made its mark. The long list of its clients is a magnificent proof of customer satisfaction and trust on its internationally recognized standards of excellence and workmanship. The number of projects executed so far in turn guarantees Ajmeer Engg: Electric Works. For its sustainable business development and ever growing strength for project contracting.

## Distribution Line Hardware Dropout Cutout

- a) 11 Kv Dropout Cutouts, Double-Insulator Design; 8,000 Amps Asym Short Circuit Rating; performance certified by the world renowned Hv& Testing Laboratories of Islamabad.
- b) 11 Kv Dropout Cutouts, Single-Insulator Design; 10,000Amps Asym Short Circuit Rating. This is supported by covered "Certificate of Rating" form Hv Testing Laboratories of Pakistan.
- c) 11 Kv Button-Head Fuse links for the Cutouts of Items I) ii).
- d) Copper-bas Alloy Distribution Transformer Hardware.
- e) Line Hard based on self-produced Alu-Alloys and the high conductivity alloy. The items of this Aluminium base Alloys hardware include:

- I) Strain Dead-end Clamps
- II) Loop Dead-end Clamps
- III) Angle Suspension Clamps
- IV) Parallel Groove (P.G.) Clamps & Connectors
- V) Compression Repair Sleeves and Mid Spam Joints

## Transformers

### Medium Voltage Distribution Transformer (Up to 4000 kva)

- Pole Mounted Transformer
- Pad Mounted Transformer
- Dry Type Transformer

## Transformer Service

- Reclamation Service for all Transformers Ratings

## Instrument Transformers

- Medium Voltage Potential Transformers (PT's)
- Medium Voltage Current Transformers (CT's)
- Low Voltage Current Transformers (CT's)
- a) Steel Body
- b) Plastic Body

## Galvanizing

Ajmer Engg: Elec: Electric Works. has large hot dip galvanizing plants with production of about 2000 tons/month. Its has over 80 employees, including 15 specialists. The company focuses on production, processing and selling various corrosion-resistant hot-dip galvanized steel products and processing steel structures for other companies. At present, the company has two hot-dip galvanization production lines of modern types. The first line has a hot-dip galvanization kettle of 36'x2.25'x2.5', while the second one has a kettle of 12'x2'x2'. The production lines are equipped with overhead cranes for operation, and can meet customized requirements of clients.

Over and above customer-focus and socially responsible, Ajmeer Engg: Electric Works. is certified ISO: 9001 Quality Management System. Thus all its products are made in keeping with international standards. The cost efficient performance of its products ensure their wide acceptability in engineering, transportation, architecture, communication, electricity, automatic greenhouse and other fields.

## Tower Manufacturing

---

Ajmeer Engg: Electric Works. Continuously responds to the growing network of CDMA-WLL GSM, and Wapda 11kv & 132 kv Tower in Pakistan and its growing customer base through wide coverage, innovative products and responsive services.

Technology and services have grown at a rapid pace with the liberalization of telecom sector. On the technology front, two new developments have occurred. First, is the emergence of cellular mobile technologies and second the growing demand for internet / IP based solutions. Ajmeer Engg: Electric Works. Has developed new equipments accordingly.

### Telecom clients

Ajmeer Engg: Electric Works. Has worked on Huawei, Ufone, Siemens, Moblink, Worldcall, Zong, ZTE, Paktel, and Telenor projects successfully.

Through partnerships and joint ventures, Ajmeer Engg: Electric Works. is executing projects nationally and internationally. Repeat orders demonstrate clients' faith and confidence in it-thanks to its customer focused policy.
